

Dear

I urge you to sign on to the FAMILY Act (H.R. 1185/S. 463), a bipartisan bill to ensure paid family and medical leave for all.

If we truly value families, we have to make sure people can care for loved ones without risking their jobs or pay.

The FAMILY Act model has been successful for both employees and business owners in California, New Jersey, Rhode Island and New York.

I would like to know your position on this issue. Thank you for your consideration.
