The grace and the Love of our Good God be upon your life.

Beloved sisters, I cannot be more grateful for the blessing and the privileged to have had you in our communities these past days and for you to meet firsthand the work and labor we are developing, specially through the main force of the Church, the Women.

As a Church our most important goal is to follow the command of Jesus, to love one another, and in our context of historical violence that translates in safeguarding life. Dignifying and improving the quality of life of Children, youth and women, the little ones of God's Kingdom.

We look forward for the development and strengthening of our partnership with the United Methodist Women and we are already excited by the activities for the future and to receive once again UMW in Colombia to joint efforts to share our experiences and therefor bring hope and love in our women.

Hoping that the God of life always keeps you safe.

Many blessings,

**Rev. Juan Alberto Cardona Gómez**  
Bishop I.C.M.
